IMPORTANT NOTE:

Herewith 466 Journals are presented, all of which normally publish the received manuscripts with no peer reviewing, just in front of money and as a fruitful business far from scientific approach. The mentioned Journals have been discovered as supported by serious efforts and experiences; however, there must be more Journals to be added up. Therefore, further journals will be gradually added to the current inventory in order to boost the knowledge and capabilities of graduate students as well as faculties. Finally, you are advised to consult with IAU Research Deputy Office or the compiler (IJEST Journal) when choosing between the due Journals.

***The listed Journals on their covers are addressed in USA or Canada to earn more financial benefits.**
